Always properly dispose of unwanted household medicine. Learn more at MyOldMeds.com.

PROPER USE, PROPER STORAGE, PROPER DISPOSAL

MyOldMeds.com highlights the importance of proper use, storage, and, when necessary, disposal of unwanted, unused, or expired medicines.

Follow the **instructions exactly as provided** including labeling information and Medication Guides accompanying the medicine. If you have any questions, ask your healthcare providers.

In particular, follow any **storage** instructions as provided on the medicine label and on the patient information accompanying the medicine.

Keep the medicine in a **secure** location, either in a medicine cabinet or safely away from people or pets that might come in contact with it.

When medicine is unwanted, unused, or expired, **dispose** of it immediately, properly, and according to local regulations. Remove or destroy all identifying personal information on the medication labels or packaging to protect your privacy.

If you have a blog or other similar opportunities to communicate with your community, consider featuring information on the proper disposal of unwanted or expired medicines and your support of MyOldMeds.com. The below blog content is provided for your use, whether in full or in part, on your blog or similar channels.

How to Properly Dispose of Household and Prescription Medication with MyOldMeds.com

When was the last time you cleaned out your medicine cabinet?

Proper disposal of unwanted or expired medicine is an important factor in keeping communities safe and healthy. Not only is it unsafe to consume expired medicine, but leaving it around the house could be harmful for those who accidentally come into contact with it. If you have unused or expired medicine, it is important to dispose of it the right way.

[MyOldMeds.com](https://www.myoldmeds.com) makes disposal of unused or expired medication as easy as 1, 2, 3. Following these three simple steps can help to prepare you for a convenient and seamless disposal experience:

Step 1: Find a disposal site near you by using the locator tool on MyOldMeds.com

Visit [MyOldMeds.com](https://www.myoldmeds.com) and enter your zip code into the site's [locator tool](#) to find the disposal option closest to you. MyOldMeds.com has a database of 28,000 locations in all 50 states including

pharmacies, healthcare facilities, law enforcement agencies, and government offices. The information is updated twice a year and delivers address, phone, and website details for each site along with hours of operation and the services offered including drop-off kiosks, mail back options, and free in-home disposal kits. [MyOldMeds.com](https://www.myoldmeds.com) is hosted by the Pharmaceutical Product Stewardship Work Group (PPSWG), a nonprofit association funded by pharmaceutical producers.

Step 2: Remove any personal information from the medication's labels and packaging.

Once you've identified your disposal option, remove and destroy any labels or packaging containing personal information. Even though your medication will never be accessible to the public, we still recommend removing any personal information from the label before disposal.

Step 3: Dispose of your unwanted medicine, and spread the word!

Before you go, confirm the hours of operation at your disposal site. While the information provided on MyOldMeds.com is checked regularly for accuracy, it's still best to call to confirm before your visit. Then, simply drop your medicine in a kiosk or use the mail back option and you're done.

Encourage others to consider using [MyOldMeds.com](https://www.myoldmeds.com) to dispose of their unwanted medicine, too. Not only will you help them clear the clutter from their medicine cabinets, but you'll pay a part in keeping our community safer and healthier.
